

FC SERIES

SERVICE AT WORK FOR YOU

Thank you for choosing Lifeloc Technologies as your portable breath testing manufacturer. At Lifeloc we are committed to providing you with the best customer service in the industry.

FIVE STAR CUSTOMER CARE

The new standard for fast, friendly, professional and affordable service.

Fast

Repairs are completed in less than 5 working days for up to 5 units, or it's free. This is the fastest service in the industry.

**5 working days begins upon receipt of the unit.*

Personalized

Your calls are answered by a live customer service representative who is ready to assist you.

Professional

Full-time factory service center where experienced professionals provide technical advice, operational assistance and helpful instruction.

Comprehensive

Lifeloc offers a full line of service products for your individual business needs, including extended service plans and instrument re-certifications.

Affordable

To help with your budget, we offer free estimates, reasonable pricing on repairs and no hidden fees.
